

Claims:

1 1. A system for claiming a user-specific website where a website request is made for the  
2 user-specific website and at least one phone number is associated with the user-specific website,  
3 the system comprising:

4 a phone call receiving device; and

5 a phone number detection device;

6 wherein:

7 the website request is performed at a system website, establishing a website claim to the  
8 user-specific website; and

9 the website claim is confirmed by calling into the phone call receiving device, where at  
10 least one phone number is verified by the phone number detection device.

1 2. The system of claim 1 wherein the website claim is completed by acceptance of the user-  
2 specific website by phone.

1 3. The system of claim 1, wherein the website request is performed by completing an  
2 electronic form at the system website..

1 4. The system of claim 1, wherein the website claim is valid for a pre-defined length of  
2 time.

1 11. The method of claim 8, wherein the website claim is valid for a pre-defined length of  
2 time.

1 12. The method of claim 8, wherein the at least one phone number may also be verified by  
2 asking a user for the at least one phone number, disconnecting, and calling the user back at the at  
3 least one phone number.

1 13. The method of claim 8, wherein the confirmation of the website claim also requires the  
2 entrance of a personal identification number.

1 14. The method of claim 13, wherein the personal identification number is provided to a user  
2 at the system website upon establishing the website claim.

1 15. A system for claiming a user-specific website where a website request is made for the  
2 user-specific website and at least one phone number is associated with the user-specific website,  
3 the system comprising:

4 a phone call receiving device; and

5 a phone number detection device;

6 wherein:

7 the website request is performed by calling into the phone call receiving device, where a  
8 phone number is verified by the phone number detection device, establishing a website claim to  
9 the user-specific website; and

10 the website claim is completed by accessing a system website and accepting the user-  
11 specific website.

1 16. The system of claim 15 wherein the website claim is valid for a pre-defined length of  
2 time.

1 17. The system of claim 15, wherein the at least one phone number may also be verified by  
2 asking a user for the at least one phone number, disconnecting, and calling the user back at the at  
3 least one phone number.

1 18. The system of claim 15, wherein the confirmation of the website claim also requires the  
2 entrance of a personal identification number at the system website.

1 19. The method of claim 18, wherein the personal identification number is provided upon  
2 calling into the phone call receiving device.

1 20. A method for claiming a user-specific website associated to one or more phone numbers,  
2 comprising the steps of:

3 performing a website request for the user-specific website by calling into a phone call  
4 receiving device, whereupon at least one phone number of said one or more phone numbers is  
5 verified by a phone number detection device, establishing a website claim to the user-specific  
6 website; and

7 completing the website claim by accessing a system website and accepting the user-  
8 specific website.

1 21. The method of claim 20, wherein the website claim is valid for a pre-defined length of  
2 time.

1 22. The method of claim 20, wherein the at least one phone number may also be verified by  
2 asking a user for the at least one phone number, disconnecting, and calling the user back at the at  
3 least one phone number.

1 23. The method of claim 20, wherein the confirmation of the website claim also requires the  
2 entrance of a personal identification number at the system website.

1 24. The method of claim 23, wherein the personal identification number is provided upon  
2 calling into the phone call receiving device.

1 25. A system for claiming a user-specific website where a website request is made for the  
2 user-specific website and at least one phone number is associated with the user-specific website,  
3 the system comprising:

4 a phone calling device; and

5 a phone call data receiving device;

6 wherein:

7 the website request is performed at a system website, establishing a website claim to the  
8 user-specific website; and

9 the website request causes a personal identification number to be sent to the phone call  
10 data receiving device.

1 26. The system of claim 25, wherein the website claim is completed by accessing the system  
2 website and entering the personal identification number.

1 27. The system of claim 25, wherein the phone call data receiving device is a call paging  
2 device.

1 28. The system of claim 25, wherein the phone call data receiving device is a facsimile  
2 device.

1 29. A method for claiming a user-specific website associated to one or more phone numbers,  
2 comprising the steps of:

3 performing a website request at a system website to establish a website claim to the user-  
4 specific website; and  
5 sending a personal identification number to a phone call data receiving device in response  
6 to the website request.

1 30. The method of claim 29 further comprising:
